

Choonkil Park
Hanyang University, Seoul, Korea

Biography:

Choonkil Park. He has accomplished his doctoral degree in Mathematics from the University of Maryland and is currently working as a professor at Hanyang University. He is working for several journals such as Journal of Nonlinear Science and Applications and Journal of Computational Analysis and Applications as the associate editors and Journal of Nonlinear Analysis and Applications as the Editor-in-Chief. His main research topics include operator algebras, functional inequalities, functional equations, non-commutative geometry, fixed point theory and fuzzy mappings. He has published a number of academic articles on international journals related to operator algebras, functional inequalities, functional equations, fixed point results related to graph, non-commutative geometry, soft and rough set, fixed point theory and fuzzy mappings. Within the last twenty years, he has successfully published more than 500 articles on SCI-E journals.

Education and Position

2006.09-now: Associate Professor – Professor, Department of Mathematics, Hanyang University, Republic of Korea

1996.09-2006.08: Permanent lecturer – Associate Professor, Department of Mathematics, Chungnam National University, Republic of Korea

1996.03-1996.08: Post Doc. Fellowship in Global Analysis Research Institute, Seoul National University, Republic of Korea

1994.08-1995.08: Post Doc. Fellowship in Fields Institute, Canada

1990.08-1995.12: Ph. D. student in Mathematics at University of Maryland (U.S.A.) (Advisor: Jonathan M. Rosenberg)

1985.03-1990.08: Graduate student in Mathematics at Seoul National University, Republic of Korea

1981.03-1985.02: Undergraduate student in Mathematics Education at Seoul National University, Republic of Korea
